

# Vote for the UK Independence Party

## Say No to Europe So That.....

### On Immigration – we can...

- Reinstating border controls to see who is actually in the country ...the government has no idea at the moment!
- Introduce a 'Britishness' test for those settling here to acquire a knowledge of our language and culture, and to assimilate fully into our society.
- Set our own criteria for determining those deemed to be refugees.
- **Give no refugee status for those asylum seekers arriving from another 'safe country'.**
- Exercise more rigour in deporting those refused the right to stay.
- Make sure those entering Britain, with the intention to stay, are subject to health checks for certain communicable diseases.

### On Pensioners – we can...

- **Increase pensions by £25 per week**

### On Education – we can..

- Leave exclusion decisions to head teachers and not allow these to be overruled.
- Provide specialist facilities for excluded pupils.
- **Cancel top up fees and student loans and provide maintenance grants where necessary.**
- Charge the same fees to both EU and non EU students.

### On Tax - we can...

- **Cut council tax in half**
- Extend the tax-free allowance to replace 10% tax band
- Reinstating pension credit
- Raise inheritance tax to £500,000

### On Crime & Law and Order – we can...

- Undertake a review of sentencing and introduce credible minimum and maximum prison terms.
- **Support the presumption of innocence for home owners defending their homes from intruders.**
- Build new prisons as required.
- Relieve the Police from unnecessary paperwork.

### On Farming – we can...

- Protect the farmers from the excessive buying power of big business.
- **Reward 'green' and organic farmers.**
- Facilitate local farmers markets.
- Provide financial support for young farmers to help with start ups.

### On Health – we can...

- **Return hospitals to local control**
- Remove government from the day to day running of the NHS.

### On Fishing – we can...

- Re-establish British control over our coastal waters
- Ensure fishing is prohibited in temporary 'fallow' zones to allow stocks to recover.

### On Armed Forces – we can...

- Ensure British armed forces are only deployed when it is clearly in our national interest.
- Support our independence and defence industries by buying British made equipment where possible.
- Preserve our standing in NATO and UN Security Council and disengage from a common European force.
